PRICE LIST
of
The CLYDE
NURSERY

A. R. Pickett & Son

CLYDE, OHIO

63rd Year

*Growers of High Grade
Nursery Stock*

*250 Acres in
Nursery and Orchards*

NOTICE

This price list cancels all previous prices.

Our stock is sold for cash on delivery only.

We cannot promise to deliver or ship orders on any specified date. We cannot accept such orders. The seasonable nature of our business prevents this.

Write your orders plainly. Give full name and address on each order.

Give the correct size and price. Guess work causes mistakes.

Five may be sold at ten rate; twenty-five at hundred rate.

Confine your sales to varieties and sizes listed.

Varieties which are preceded by a star, thus *, have been tried and tested until we are certain that they will give satisfaction to our customers. These starred varieties are the best that can be had.

FOREWORD

ALTHOUGH our Nursery has existed in Clyde for over sixty years, we are growing our stock on new, fertile land. Three years ago, we moved our Nursery from its original site to our newly purchased tract on the main highway through Clyde. We are easily reached by railroad and interurban lines, and the roads are excellent for those who prefer to motor to the Nursery.

We are proud today of the size of our rapidly growing Nursery, and prouder still of the service we are able to render our customers. Though our ancestors builded well, the personnel of our firm was never so complete as it is now. It includes an experienced orchardist, who will assist you not only in planning your orchard, but in meeting its problems. We have a landscape artist who can help you make that lovely home of yours more beautiful. Our general grower can assist you in any difficulty. We urge you to avail yourself of this service.

Number of Trees or Plants for an acre of ground set at regular distances apart.

1	foot by 1	foot	43560
2	feet by 1	foot	21780
2	feet by 2	feet	10890
3	feet by 1	foot	14520
3	feet by 3	feet	4840
4	feet by 1	foot	10890
4	feet by 2	feet	5445
4	feet by 4	feet	2725
5	feet by 1	foot	8712
5	feet by 3	feet	2904
5	feet by 4	feet	2178
5	feet by 5	feet	1742
6	feet by 6	feet	1210
8	feet by 8	feet	580
10	feet by 10	feet	435
16	feet by 16	feet	170
20	feet by 20	feet	109
25	feet by 25	feet	70
30	feet by 30	feet	48
35	feet by 35	feet	35
40	feet by 40	feet	27
50	feet by 50	feet	18

Rule: Multiply the distance in feet between the rows by the distance the plants are apart in the rows and the product will be the number of square feet for each plant or hill; which divided into the number of feet in an acre (43560) will give the number of trees to an acre.

THE CLYDE NURSERY, CLYDE, OHIO

APPLES

Block of our Apple and Cherry Trees

Apple trees will thrive on nearly any well drained soil. Their period of ripening, unlike other fruits, extends nearly through the whole season. By making careful selection a constant succession can be obtained.

<i>Size</i>	<i>Height</i>	<i>Each</i>	<i>Per 10</i>
XXX	5 ft. and up	\$1.00	\$9.00

CORTLAND OR IMPROVED McINTOSH

A new variety recently introduced. Unlike the McIntosh, the fruit, when ripe, hangs on the tree splendidly. It matures two to four weeks later than the McIntosh and keeps well to the last of the winter. New York State growers are very enthusiastic over it and it is recommended very highly by the commercial orchardists in that state.

PEACH

Some of our Young Peach Trees

It is an outstanding fact that our peach trees are the best that can be grown. The soil and climate are ideal for the growing of these trees. Peach trees require very little attention and come into bearing early.

EVERGREENS

Evergreens have a place in landscape planting that cannot be filled by any other plants. Their variety of colorings and sizes make them especially valuable.

Frequently transplanting and root pruning give our Evergreens masses of fine, fibrous, feeding roots. Our Evergreens are sheared often, resulting in heavy, bushy, symmetrical tops. All are balled and burlapped for shipment.

	Size	Each

ROSES

Our Roses are strong plants, grown outdoors, well rooted, hardy and first class. Every plant has blossomed before it is shipped, and is far more valuable than a mere tender shoot started

Use our landscape service

ROSES—Continued

in a green house and without strength to stand the shock of transplanting.

HYBRID PERPETUAL ROSES

\$1.25 Each

\$12.00 per 10

The Hybrid Perpetuals are considered most valuable Roses, because they bear large, sweet and brilliant colored flowers, and are very hardy and vigorous growers. Though called "Perpetual" they are not constant bloomers, (with the exception of a few, such as Frau Karl Druschki, Mrs. John Laing) but are the finest and most beautiful of all hardy Roses.

Anna De Diesbach (pink)

Clio (silvery flesh)

Earl of Dufferin (rich crimson maroon)

Eugene Furst (velvety crimson, dark shading)

Frau Karl Druschki (white American Beauty)

Fisher Holmes (brilliant crimson)

General Jack (bright crimson).

J. B. Clark (scarlet to maroon).

Madame Plantier (snowy white, fragrant).

Magna Charta (bright rosy pink, beautiful).

Marg. Dickson (white, flesh center)

Marshall P. Wilder (deep red).

Mrs. J. H. Laing (satin pink, fine bloomer).

Prince Camille De Rohan (dark red to maroon)

Paul Neyron (bright pink—very large).

Ulrich Brunner (cherry crimson).

HYBRID TEA ROSES

The varieties listed under this head are all such as will keep up a succession of flowers all Summer after their glorious burst of bloom in June. The list includes the very best Ever-blooming Roses, both old and new varieties, and will fill your garden, all Summer long and way into Fall, full of beauty.

\$1.25 each

\$12.00 per 10

American Beauty (bright carmine red).

Betty—(coppery pink suffused with gold).

Claudius Pernet—(deep lemon yellow)

Columbia (brilliant rose pink).

General McArthur (crimson scarlet).

Geo. Ahrends—(delicate pink)

Gruss an Teplitz (dark rich crimson).

J. L. Mock (pink faced carmine).

Quality stock at reasonable prices.

HYBRID TEA ROSES—Continued

Juliet (old gold and red).
Kaiserina Augusta Victoria (creamy white fragrant).
Killarney White.
Killarney Pink.
La France (pink, silvery blush).
Lolita Armour—(orange and copper)
Los Angeles (pink and gold) \$2.00 each
Lady Hillington (apricot yellow).
Mamam Cochet Pink.
Mamam Cochet White.
Mad. Carolina Testout (salmon pink.)
Mad. Ed. Herriot (coral red and yellow).
Mme. Butterfly—(pink, apricot and gold).
Mrs. Aaron Ward (yellow).
Ophelia (salmon flesh shaded to rose).
Radiance (carmine pink).
Red Radiance (dazzling scarlet).
Sensation—(deep crimson).
Soliel D'Or (gold and orange yellow).
Sunburst (coppery yellow and orange).
Wm. Dreer—(silvery pink golden base).

\$5.10

For this special price we offer the following collection of five very fine roses, which would be a prize in any garden. *Regular price, \$6.25.*

Gruss an Teplitz—rich crimson.

Clio—flesh pink

Frau Karl Druschki—pure white.

Ulrich Brunner—geranium red.

Lady Hillingdon—apricot yellow.

BABY RAMBLERS

Dainty dwarf growing Polyantha roses. Excellent for bedding or clumps. Hardy, healthy, and always blooming. Immense clusters. Exquisitely beautiful.

\$1.15 each

\$11.00 per 10.

Baby Dorothy (shell pink, double)

Cathrine Zennit (white, yellow stamens).

Jesse (gay scarlet).

Mrs. Wm. Cutbush (pink, large clusters).

Mad. Levasasseur (masses of pink).

Red Orleans (fine red.)

Plan a rose garden

F. J. GROOTENDORST

A comparatively new rose of bushy compact form. Can be used in the shrubbery border, or massed in a bed or as a single specimen. Blooms with clusters of fairly double red flowers similar to the crimson Baby Rambler. Absolutely hardy and blooms till fall.

\$1.25 each.

EDITH CAVELL

Very dwarf and strong growing baby rambler. Blooms till fall with clusters of single, velvety red flowers. Extra-ordinarily beautiful in fact the most attractive of red baby ramblers.

\$1.25 each.

RUGOSA ROSES

\$1.25 each

\$12.00 per 10

Pink

Red

White

HARDY CLIMBING ROSES

Following is a list of the best that can be had. The perfect hardiness of this class of Roses, their strong growth and luxuriant foliage, adapt them for covering arbors, walls, trellises, and unsightly objects, which, together with their immense clusters of beautiful flowers commend them to all lovers of the beautiful. Require little pruning, except to thin out weak or dead branches.

CLIMBING ROSES

\$1.00 each

\$9.00 for 10

Baltimore Belle (white double clusters)

Climbing American Beauty (crimson).

Crimson Rambler (crimson).

Dorothy Perkins (pink.)

Dr. Van Fleet (flesh pink—very fine).

Excelsa (red Dorothy Perkins—crimson).

Flower of Fairfield (everblooming crimson).

Gold Finch (rich lemon yellow).

Pauls Scarlet (scarlet semi-double).

Prairie Queen (pink).

Shower of Gold (yellow).

Silver Moon (pure white, single, yellow stamens)

Thousand Beauty (pink).

White Rambler.
